Dorset BH21 6RF

Headteacher: Mrs Justine Horn
Tel: 01202 822460
Fax: 01202 822460
Email: office@3lxschool.com

21st April 2021

We would like to welcome <name> to our reception class from September 2021.

As part of the transition process during this unusual time I would like to speak with you to introduce our school and discuss any concerns or questions that you may have regarding your child starting school for the first time.

The contact number we have for you is: <Telephone no.>

I would like to call on <Date> at <time>

Please let the school office by email at office@3lxschool.com if this is not convenient for you or you would like us to use an alternative contact number.

At Three Legged Cross First and Nursery School we use Tapestry to record observations and set next steps for learning. Tapestry is a secure online learning journal that allows both parents and practitioners to record photos, observations and comments of the children's learning. This will build up a record of your child's learning experiences during their time in the early years.

You will soon be provided with a personal log on. This will be sent to you in a separate email. Please follow the link to set up your own Tapestry account.

Before your child starts at our school we will send a selection of documents, some for information and some for completion. There will also be information about how to use Tapestry. We have attached 'welcome to school' information along with this letter for you to share with your child to help familiarise them with their class and school surroundings.

In the meantime, you may also wish to have a look around our school by going to www.3lxschool.com/have-a-look-around-our-school/

I look forward to speaking to you soon.

Yours sincerely

Justine Horn
Headteacher
